

Oct. 26, 2018

Dear Professor Blumenthal and Dean Coleman,

Thank you for your diligent efforts to lead this workgroup given critical content and a tight timeline. Thanks, too, for the update and reality check on timing.

I see no reason not to grant an extension on this important effort, with the goal of a complete report with recommended actions on all four buildings named in the Oct. 4 charge.

Please report back to me on Dec. 17, 2018.

Sincerely,

Eric W. Kaler
President
